

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation, but then again... if you can convince the Supreme Court that your man won the election in 2000 and that killing more than ten thousand Iraqi citizens in order to free them... then I guess this is no big deal.

Sadly, I'm sure I'm now on a list.

Your inaction and pure political intent beyond that of law or reason is shameful. Please wake up.
